Purdue University, Mitchell E. Daniels, Jr. School of Business
Bachelor of Science, Supply Chain and Operations Management

West Lafayette, IN
May 2028

- 3.86 GPA

PROFESSIONAL EXPERIENCE

WebstaurantStore

Remote

Drop Ship Intern

Summer 2026

- Audited lead-time data across 73 vendors and 13,000+ drop ship SKUs using Excel and Power BI to identify and correct systemic discrepancies for a drop-ship channel representing 10% of total e-commerce order volume
- Partnered with procurement, vendor specialists, and external suppliers to resolve data discrepancies, improving overall lead-time accuracy by 9.5%
- Documented SOPs for lead-time correction and discrepancy resolution to support consistency and continuity across the team

Zettawatts

Potomac, MD

Summer Intern

Summer 2025

- Authored a published research paper analyzing the impacts of changing corporate carbon accounting regulations and Scope 2 emissions guidance
- Analyzed 5,000-row datasets and developed SQL queries to streamline clean energy project database updates
- Built a 200-line automation script with Python and Pandas to streamline future database updates

FedEx Corporate Partnership

West Lafayette, IN

Undergraduate Researcher

Spring 2025

- Collaborated on a semester-long project with FedEx Indianapolis to solve operational business challenges using data-driven approaches
- Evaluated discrete-event simulation platforms, including FlexSim and Arena, to determine the optimal software for analyzing FedEx's facility workflows
- Applied Scrum methodologies to manage workflow, sprint planning, and project deliverables
- Developed and presented 2 data-driven facility model recommendations to FedEx executives

LEADERSHIP AND INVOLVEMENT

Purdue Orientation Programs

West Lafayette, IN

Boiler Gold Rush Team Supervisor

2025-present
